ABOUT ME

Motivated and detail-oriented Cybersecurity and Digital Forensics student at Temasek Polytechnic with a strong interest in the IT field, particularly Ethical Hacking, Network Security, and Digital Forensics. Enthusiastic, disciplined, and eager to learn, with hands-on experience in UI/UX, incident response, secure web applications, security auditing, and mobile device forensics. A proactive and adaptable team player who is always willing to take on new challenges and continuously develop new skills.

WORK EXPERIENCE

Tutor - Envision Learning **Feb 2025 - Present**

- Developed patience, adaptability, and interpersonal skills by supporting students with different learning needs.
- Strengthened time management and responsibility through lesson preparation and student progress tracking.

Retail Associate - ZARA **Dec 2023 - Jan 2024**

- Developed strong communication and teamwork skills by collaborating with colleagues and assisting customers in a fast-paced retail environment.
 - Demonstrated responsibility and attention to detail while managing inventory, organising products, and maintaining store presentation standards.
-

EDUCATION

Diploma in Cybersecurity and Digital Forensics, Temasek Polytechnic **Apr 2024 - Current**
(Graduating May 2027)

- Relevant Modules: IT Security Management and Audit, Forensics in Digital Security, Incident Response and Management, Network Security.

GCE 'O' Levels, Beatty Secondary School **Jan 2020 - Dec 2023**

- Obtained 6 credits; Achieved distinctions in English and Mother Tongue.
-

AWARDS AND ACHIEVEMENTS

Joint Tuition Awards, SINDA **2024**

In recognition of my academic achievement as "Best Overall – GCE O Level."

SKILLS

Technical Skills

- **HTML, CSS, SQL** - Developed through academic projects and secure web application assignments
- **UI/UX Design** - Applied through designing and developing responsive e-portfolio and web interface projects
- **Cisco Packet Tracer, FTK Imager, Autopsy** - Used during cybersecurity and digital forensics practicals
- **Python & Java** - Basic programming knowledge gained through coursework
- **Incident Response & Security Auditing** - Hands-on exposure through lab exercises and school projects

Generic Skills

- **Communication** - Developed through tutoring students and customer interaction in retail
 - **Teamwork** - Collaborated with colleagues and classmates during projects and work experiences
 - **Adaptability** - Worked in fast-paced retail environments and supported students with different learning needs
 - **Attention to Detail** - Applied while handling inventory organisation and digital forensics tasks
